

# Responsibility for Financial Reporting

The accompanying consolidated financial statements of Manulife Financial Corporation are the responsibility of management and have been approved by the Board of Directors. It is also the responsibility of management to ensure that all information in the annual report to shareholders is consistent with these statements.

The consolidated financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada and the requirements of the Superintendent of Financial Institutions (Canada). Appropriate accounting policies and estimates are also used in the determination of information using generally accepted accounting principles in the United States. When alternative accounting methods exist, or when estimates and judgement are required, management has selected those amounts which present the Company's financial position and results of operations in a manner most appropriate to the circumstances.

Appropriate systems of internal control, policies and procedures have been maintained, consistent with reasonable cost, to ensure that financial information is both relevant and reliable. The systems of internal control are assessed on an ongoing basis by the Company's internal audit department.

The actuary appointed by the Board of Directors (the "Appointed Actuary") is responsible for ensuring that assumptions and methods used in the determination of policy liabilities are appropriate to the circumstances and that such reserves will be adequate to meet the Company's future obligations under insurance and annuity contracts.

The Board of Directors is responsible for ensuring that management fulfills its responsibility for financial reporting and is ultimately responsible for reviewing and approving the consolidated financial statements. These

responsibilities are carried out primarily through an Audit Committee of unrelated directors appointed by the Board of Directors.

The Audit Committee meets periodically with management, the internal auditors, the external auditors and the Appointed Actuary to discuss internal control over the financial reporting process, auditing matters and financial reporting issues. The Audit Committee reviews the consolidated financial statements and recommends them to the Board of Directors for approval. The Audit Committee also recommends to the Board of Directors and Shareholders the appointment of external auditors and approval of their fees.

The consolidated financial statements have been audited by the Company's external auditors, Ernst & Young LLP, in accordance with auditing standards generally accepted in Canada. Ernst & Young LLP has full and free access to the Audit Committee.

# Appointed Actuary's Report to the Shareholders and Directors

I have valued the policy liabilities of Manulife Financial Corporation for its Consolidated Balance Sheets as at December 31, 2000 and 1999 and their change in the Consolidated Statements of Operations for the years then ended in accordance with actuarial practice generally accepted in Canada, including selection of appropriate assumptions and methods.

In my opinion, the amount of policy liabilities makes appropriate provision for all policyholder obligations and the consolidated financial statements fairly present the results of the valuation.

Signed,

Geoff I. Guy, F.C.I.A.  
Executive Vice President and Appointed Actuary

# Auditors' Report to the Shareholders and Directors

We have audited the Consolidated Balance Sheets of Manulife Financial Corporation and the Consolidated Statements of Net Assets of its Segregated Funds as at December 31, 2000 and 1999 and the Consolidated Statements of Operations, Equity, Cash Flows and Changes in Net Assets of its Segregated Funds for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Canada. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company and its Segregated Funds as at December 31, 2000 and 1999 and the results of the Company's operations and cash flows and the changes in the net assets of its Segregated Funds for the years then ended in accordance with accounting principles generally accepted in Canada including the accounting requirements of the Superintendent of Financial Institutions (Canada).
